Subject: Petition to Withdraw Holding of Abandonment.

I want to explain the circumstances that led to my missing great letter not being received. As best I can tell those documents never made it through the post office. I had a change of address in October 2004 and had multiple trips on business to Florida during the hurricanes last season. I call multiple times to customer service, specifically agent Eleonor Knatz at 703 308-3642, and was told the application was still being processed.

Thanks.
